OCTOBER NEWSLETTER 2020

Next Meeting Monday 2nd November 5.15 p.m.

"THE POTTER'S PLACE"

Highlights from the October Meeting:

Thanks to those who attended.

Ceramic Arts Qld Exhibition.

For those with a thirst for knowledge, it would be beneficial to take a drive to Brisbane to view the pottery on display at Brisbane Institute of Art BIA, 41 Grafton Street, Windsor. Take a car full, great company and an even better way to see and enjoy excellent pottery.

Working Bee.

We will need to have a working bee this Sunday and/or Monday from 9 a.m. for as long as you can to clean the verandas, the gallery and work areas.

New Members.

Welcome to Cheri Bate, Corina Graham and Peyton Russell. Hope their time is enjoyable but a worthwhile learning curve in pottery as well.

Workshop.

It was unfortunate that the Karen Hanay Workshop had to be cancelled as we had a full house both days. Karen fell ill but will reschedule in the new year. We have applied for grants for a Maggie Brockie and Janna Pameijer workshop as well as the workshop with Helen Davey. Wouldn't it be great if they all came through.

Rodeo Markets Saturday, 24th October.

Anyone wishing to give a hand please let Sue Creed know. She is always looking for helpers.

Christmas Market.

Saturday, 5th December - Leslie Park.

Pit Firing.

Could we get a response as to who would be interested in doing a pit firing at the home of Penny King on a weekend. The fire ban has again been lifted. We would need probably a day on a weekend to wrap and stack, then the following weekend to fire.

CCCART.

As we go to press, we are able to have the gallery open on the Saturday night with the food and drinks served. We are allowed 30 people in the gallery but must have a register where they sign in and out, all the necessary COVID-19 requirements, and at this stage we are allowed to serve food.

We will need members to put their names on the blackboard for when they can man the gallery and when they can do demonstrations throughout Saturday and Sunday. We also require members in attendance on the night to help with serving, sales and wrapping.

Numbers and lists need to be at the gallery by Wednesday, 14th October so Roslyn can type up a master sheet with pottery up there by Friday for setting up.

An external EFT machine had been discussed for the clubs use but associated incorporated club cannot have a machine authorised to them. An individual member can, but that would mean that that member must be present at all times and then again at all times during markets. After discussion, people purchasing pieces mostly have means to pay on their phone so that the persons purchasing can pay on their phone directly into the Potters account and our representative at the Potters on the receiving end will write down the transaction receipt number for the treasurer.

Christmas Party

As Just around the corner. Lets go out. Be waited on. Finalize at next meeting.

Housekeeping

Can members please maintain cleaning duties up at the clubhouse after they have used the club facilities. Many hands make light work and a job shared is a job made easier.
