What a great turn out for the Warwick Show Pottery Display, simply stunning work across a range of categories. Now's the time to think about next year.

Congratulations to the winners. Thank you to Sue Creed, Ray Tainton and the others who manned the display throughout the weekend. Sue quickly stepped in to finish

the work that was required as Penny was ill – We wish her a speedy recovery. And finally, a big thank you to our Judge, Kathy Brownsdon who had their work cut out for them.

FOR SALE

We have for sale an old round kiln; it is very old, and details are as follows:

Cromartie Kiln, model: CTL 75, serial no: 3242, voltage: 240, Phase: 2ph, load: 15, Max temp: 1300

It is ok condition, the last time it was fired, over ten years ago it took a long time to reach temperature so elements may need replacing and the lid did not appear to seal well. We would like to offer this to club members first, as there is work that needs to be done, we are asking that you put an offer into the treasurer and the kiln will go to the highest bidder. Send offers to treasurer@potters.org.au
