## AROUND THE RIDGES – WHAT IS HAPPENING IN OUR COMMUNITY

### WARWICK ART GALLERY

*EDGE OF THE PRESENT* – Australian World First virtual reality environment for suicide prevention. Experience spectacular visual transformations which help to cultivate positive future thinking and improve your mood within 10 mins.

7<sup>th</sup> of April – 7<sup>th</sup> of May

I dropped into the gallery to see what the fuss was about and holy smokes – you need to go and experience it. The best way to describe it is you put on a pair of goggles that fit to your head, they are not uncomfortable. It shows you a computer-generated vision of the room that you are standing in and by opening and closing the door and window you are shown

amazingly realistic scenes that will take your breath away. 10/10

## FLOOD VICTIMS - LISMORE

As we are aware Lismore was almost washed off the map in recent weather events. Lismore TAFE, one of Australia's most established ceramic schools, was totally inundated, and all the equipment, wheels, kilns, tools, and supplies have been destroyed, spoilt, and severely damaged.

We wanted to assist and donated \$500 to assist in their fundraising efforts to replace restock their studio
