**Warwick Show:** Nominations to be in by Wednesday the 22<sup>nd</sup> of March. The sections for the show shall be:

- Open – Hand, Wheel, Sculpture, Primitive Fired
- Mixed Media
- Themed- 'From the Ground Up'
- Children – Grades 7-12
- Children - Primary
- Beginners- Hand, Wheel Special Needs

Lindsay Muir will be our guest judge. Contact Show Steward Arlene Bird if you have any further questions.

----- o 0 o -----

**Lindsay Muir** will be doing a workshop with the club on Saturday, 15th and Saturday, 22nd April. Lindsay will be on the first Saturday, primarily working with clay both sculpting and wheel work.

The second day would be focused on glazing and airbrush application techniques.

The week separation between workshop days will allow participants to get pieces dry so we can glaze and finish them. If you have any further questions, contact Sue- [secretary@potters.org.au](mailto:secretary@potters.org.au)

**Total Fire Protection Service** ran the fire safety course and it was well attended by members. It was stated that all exit doors must be opened no matter how many members are on the premises. This is a safety precaution so members can exit the premises easily and safely no matter where the danger is.

----- o 0 o -----

**Jumpers** and Jazz is fast approaching and that means Soup Night planning is underway. Members are invited to make soup bowls for the night. The club will supply the clay and cover all firing costs for the soup bowls.

\*Please mark in the red book how much clay has been taken for soup bowls.

\*Use a minimum of 600grams of clay per bowl. Executive will pull bowls that we feel are too small.

\*Volunteer Roster will be posted closer to the event.

### Club House Etiquette –

Warwick Potters club prides itself on being an inclusive and welcoming group.

**\*Long** term members are a wealth of information about the club, club house, and various pottery techniques and often assist our new members finding their feet as they become familiar with their newfound hobby. But new members need to remember that while they are happy to assist, they shouldn't be expected to do it all the time and at the expense of their own creative time either and find if they need more detailed assistance, they should consider joining one our many beginners classes.

**\*Mark** All work prior to drying – Marks needs to be clear and match the mark you listed in the book. If not marked appropriately the work will not be fired.

**\*Clean** your workspace! Yes! that includes the floor, and sink.

**\*Last** to leave – Please check all doors and empty kitchen bin into the green bin near the entry gate.

Leah Kelly, President
